

Hello,

Last year was our first season as Momenca Junior Baseball Softball League and are happy to say it was a SUCCESS!! MJBSL is a youth baseball/softball organization for ages 4-14 in Momenca. We will begin our season in the Spring of 2018 and are working hard to keep the cost affordable for all kids who wish to participate.

Our purpose is to field teams with good sportsmanship, honesty and provide a positive environment to do so. The vision of this program is that our players will become future high school baseball and softball players, leaders in their schools, as well as volunteers and leaders in the community. MJBSL is looking forward to a fun and successful season in 2018; however, our short and long term goals are great, including field and facility repairs and upgrades, insurance fees, tournament entry fees, equipment costs, umpire costs, and uniform costs.

Sponsorships like yours are one way in which we can raise money to meet the financial requirements needed to provide our players with a quality baseball program. A few improvements we are able to accomplish for the 2018 season, are a set of new dugouts and rebuilding a pitching mound.
